

Description

This document provides information about the Toshiba VRF and Digital indoor unit models that are compatible with the Horizontis HTKNXTOV001 interface. Air conditioner models not listed here may not operate properly with the interface, and compatibility should be verified with your supplier before installation or use.

All details and data included in this publication have been carefully checked prior to release. However, minor inaccuracies such as typographical or formatting errors may occur. Horizontis continually works to ensure the reliability of its documentation and recommends users to refer to the latest available version. While every effort has been made to ensure the correctness of the information contained herein, Horizontis cannot accept liability for any consequences that may result from possible errors or omissions.

Notes:

- The symbol “xxx” indicates the capacity value of the indoor unit
- The listed model numbers refer exclusively to **indoor units**; they do not represent combined indoor-outdoor system references.
- If you don't find your unit on the indoor compatibility list, simply refer to the compatible remote controllers list. Finding your remote there confirms compatibility with our system.
- Air conditioner models not mentioned in this list may **not be fully compatible** with the HTKNXTOV001 interface. Before use, always confirm model compatibility with your supplier or technical representative.

1. Compatible Toshiba indoor units

Indoor Unit Series	Indoor Unit Type	AC Indoor Unit Model
DI/SDI - Commercial	High Wall mounted	RAV-SM xxx KRT-E RAV-SM xxx KRTP-E RAV-RM xxx KRTP-E
